M/s Toppers Education Society, Mowa, Raipur (CG) – 492001,

Mobile No. : 93012 62233, Email: topperssociety@gmail.com

Tender No. DRS/Tender/2026/3368 Raipur, Dated: 24.03.2026

1.	Job work	Operation, Maintenance and Management (O&M) of Common Incubation Centre Established at College of Food Technology, IGKV, Raipur, Chhattisgarh under PMFME scheme
2.	Name of Firm	M/s Toppers Education Society, Mowa, Raipur (CG) -492001 Mobile No. : 93012 62233, Email: topperssociety@gmail.com
3.	Revenue share percentage of turn over	The O&M operator has to pay 1% of turnover Example- Let turnover in each month say Rs. 20 lakhs than Rs. 20,000 (1% of turnover) to be deposited before 10 th of next month to avoid any penalty.
4.	Lease rent	1. Rs. 25,000 per month after 6 th month of gestation period 2. Rs. 10,000 per month for first 6 month of gestation period 3. Revenue share will be charged after first 6 th month but the firm has to pay electricity, and all other charges and taxes on actual basis after taking possession of CIC.

TERMS AND CONDITIONS

(1) General terms and condition:

- i. **Signing of agreement** – The firm has to sign an agreement with the host organization for smooth functioning of plant (CIC) within 45 days of work award but well before start of actual plant on a stamp paper of Rs. 100.
- ii. **A selected firm has to deposit a sum of Rs. 4,00,000/- (Rs. Four Lakhs Only) as Security Deposit (FDR)** in addition to Earnest Money Deposit. The amount shall be deposited with the institute before taking the possession for operation and no extension shall be allowed for this purpose. The same will be returned after performance period completion, after settling the dues of O&M operator after leaving the job/work. Otherwise, the FDR will be forfeited. The security deposit will be either adjusted or refunded after expiry of lease agreement but in case of any outstanding at the time of termination of agreement, the same will be adjusted.
- iii. The successful bidder has to submit duly signed Pre-Contract Integrity Pact to Indenter in prescribed format available on University website.
- iv. The O&M operator shall provide the detail of any equipment/machines not in place or other accessories or structural modification required. The same shall be procured and installed by the O&M Operator at their cost and risk with due permission of host institute. These assets could be taken away by the O&M operator after the termination of the agreement or host institute can pay the cost and retain it as per mutual agreement. **No structural modification shall be allowed without the pre-approval from the Host Institute.**

- v. The O&M operator has to pay 1% of Turnover (As quoted in financial bid) of revenue sharing with host institute subject to a minimum lease rent of Rs.25,000/- per month payable (additional to 1% of turnover of revenue) to Host Institute. The lease rent will be increased @10% per annum. In addition to this, firm has to pay electricity and other applicable user charges also in actual basis.
- vi. The bidders would be permitted a gestation period of 6 months for reaching full operation during which lease rent of Rs. 10,000/- would be payable and the revenue share shall not be charged for gestation period. However the O&M operator must pay other charges incurred actually for electricity, manpower, taxes, water supply, operational and maintenance expenses etc.
- vii. The Institute shall issue Letter of award to the successful bidder and the bidder shall take the possession of the **Incubation Center** within a period as may be specified in Letter of award. No extension shall be allowed to the O&M agency to delay the possession/ operation.
- viii. The Host Institute shall enter into an agreement with the selected O&M agency and incorporate appropriate clause of General Condition of Contract and all other conditions in line with GFR guidelines. In order to bring more clarity, the agreement can be added more clause other than this Expression of Interest (EOI) to safeguard the interest of both.
- ix. The successful bidder/ processor shall be designated as "O&M agency". Host Institute would levy lease in terms of revenue sharing on monthly basis. The monthly revenue share shall be paid by the O&M agency along with the applicable taxes before 10th of the month. The O&M agency shall be liable to pay penalty @5% of the payable revenue share if paid before 20th of the month and under no circumstances it can be delayed beyond the 20th of the month. It will be treated as violation of the lease agreement and can lead to termination of the same.
- x. **Leasing Period:** Initially the lease will be given for a **period of five years** which may be renewed/ terminated as per the terms and conditions of lease agreement between Host Institute and O&M agency.
- xi. **Scope of Work:** The agency would be responsible for **Operation, Maintenance and Management of the Common Incubation Center for a period of 5 Years**. The detailed scope of work is as following:
- a. **Operation & Maintenance of Processing line and Auxiliary Equipment and Food Testing Laboratory:** Ensuring the commercial utilization and timely maintenance of the processing lines, auxiliary and laboratory equipment as per the seasonal availability of raw material in the region. Complete cost of operation including all

type of repair and maintenance for running the incubation center would be borne by the O&M agency.

- b. The Host Institution to ensure that the Incubation Center is utilized by a large number of micro enterprises. The complete processing line or a part of it would be made available to Individual Entrepreneur/ SHGs/FPO/FPC/Co-operative/Other groups/ Food technology and engineering students/farmers etc. on user charge basis.
- c. The O&M agency would ensure the availability of the Incubation Center for the purpose of hands on training, demonstration and exposure visit to the beneficiaries of PMFME Scheme and its Capacity Building Activities as well as other State and Central schemes on no charge basis.
- d. The O&M agency will be responsible for ensuring the supply of requisite essentials such as fuel, steam, electricity, water, refrigerant and other necessary needs for manufacturing the products by incubates and for Hands on Training conducted by Host Institute on the actual cost. Raw material and ingredients for making the products shall be arranged by the incubates themselves. In case of hands on training the raw material and ingredients would be arranged by Host Institute or by O&M Operator on payment basis.
- e. **Engagement of Manpower for Operation and Management of Processing Lines:** Minimum following personnel would be recruited/ appointed by the selected agency O&M Operator at the Incubation Center. The requisite qualification for these personnel is also listed under:

No	Job Role	Qualification*
1.	Plant Manager	Graduate/Post graduate in Food Technology/ Food Engineering/Processing and Food Engineering from reputed Institution/University with experience in food production management, procurement, quality, packaging, documentation etc.
2.	Plant Maintenance Engineer	Diploma/Undergraduate in Mechanical Engineering/ Electrical Engineering with experience in handling food plant maintenance.
3.	Food Testing Lab Technician	B. Tech-Food Technology/B.Sc.-Food Technology/ Post graduate in Microbiology/Equivalent with 1 year of hands on experience in handling all kinds of food testing analysis such as Nutritional, Microbial hands on experience in handling the microbial testing

*The above qualification may be relaxed/ modified as per the requirement of Job Role and by the Host Institute. Additional manpower may be deployed by the selected

2

18

bidder for smooth running of the center as per their requirement.

- xii. The O&M agency shall be responsible to comply with the labor laws. **Staffs/labors appointed by the O&M agency would not be having any right to make any claim from Host Institute.**
- xiii. There will be no restriction for the official visitors from the State Nodal Agency, State Level Training Institute and Ministry of Food Processing to visit the premise even during the operation.
- xiv. Maintenance of Incubation Center including the machinery shall be the responsibility of O&M operator. For operation and maintenance, the O&M agency shall use genuine consumables and spare parts as mentioned in the manuals if supplied by the manufacturer. The parts should be changed in the presence of Host Institute's staff.
- xv. **The O&M agency shall comply with all laws applicable to the operation, maintenance and management of the facility and the performance of the service including Good Manufacturing Practice (GMP) and Good Hygienic Practice (GHP) (for cleanliness).**
- xvi. **The O&M agency shall apply for and obtain, and Host Institute shall assist in applying for and obtaining all necessary permits, licenses (food, boiler, pollution etc.) and approval required to allow O&M agency and incubates to do business. O&M agency should also file such reports, notices and other communications as may be required by any government agency regarding the project to Host Institute.**
- xvii. **The O&M agency shall be responsible for disposal and management of solid waste & other waste disposal as per the Pollution Control Board's regulation and inform Host Institute about the same. The O&M agency shall be liable for any penalty or fine is levied by any authority for such violation and the institute shall recover the penalty, fine, damages, cost, if any, paid by the institute for waste disposal.**
- xviii. The O&M agency shall maintain at a location acceptable to Host Institute, the Incubation Center operating logs, records, reports, document the operation and maintenance of the facility in all forms and substance sufficient to meet Host Institute's reporting requirement under the lease agreement.
- xix. The O&M agency shall be working within the demarcated floor area only. The O&M agency may approach to the Host institute for additional floor area which may be given by Host institution on payment basis.
- xx. The O&M agency shall give an undertaking of ensuring the producing of only good quality products safe for human consumption.
- xxi. The lease agreement may be terminated by either side after giving due notice in writing of 60 days.

- xxii. After completion of the tenure, the O&M agency will hand over all the assets and belongings of Host Institute in the good working condition and shall compensate the institute for any damage or loss of the equipment of the Incubation Center or whatsoever.
- xxiii. The O&M agency and Host institute may extend the agreement further for 3 years with mutual understanding.
- xxiv. In the event of any dispute in the interpretation of the terms of the agreement or difference in opinion on any point in the agreement, the parties hereto shall use their best efforts to settle amicably by mutual negotiations.
- xxv. The State Nodal Agency, Host institute will monitor the operations and activities of CIC and the O&M operator will provide all support and help to them.
- xxvi. The lease period may vary as per the University requirement on mutual agreement.
- xxvii. **In case of any dispute arising out of this contract, the decision of the Vishwavidyalaya will be final.**
- xxviii. The University reserves all the right to place or not to place order(s) to any of the company/firms, if the rates are approved by IGKV. No correspondence will be entertained in this respect.
- xxix. The firm shall get updates with corrigendum/addendum received from time to time during the entire Expression of Interest (EOI) process

(2) Terms and condition related to Terms of Reference:

- i. As per the Terms of Reference of EOI the established Common Incubation Center (CIC) is set up to facilitate the following class of activities and the selected firm has to support it.
 - a) Entrepreneur to manufacture and assess commercial viability of new food products by using the processing, packaging, testing facilities.
 - b) Hands on Training to entrepreneurs in new technology for processing, packaging, food standards/safety, hygiene etc.
 - c) Demonstration of machines, process, products and hands on training to workers in food safety, hygiene.
 - d) Usage of processing, packaging and testing facilities by Individual entrepreneurs / FPOs/ SHGs/ Co-operatives etc.
- ii. Earmarking of utilization of the facilities would be done for the following type of usage of processing lines or part of thereof:
 - a) Usage by Incubates i.e. micro entrepreneurs, SHGs, Co-operative, FPOs, Other groups, food technology and food engineering students, farmers, officers of state governments etc. willing to use the facility for product development, brand development, trial of product line for commercial viability.

✓

MP

- b) Training to the beneficiaries of capacity building program of PMFME Scheme or any other skill development program for micro entrepreneurs, SHGs, Co-operative, FPOs, Other groups, food technology and food engineering students, farmers, officers of state governments etc.
- c) At least two consecutive days in a week, viz. Monday and Tuesday (duration i.e. no of days or days of the week will be modified/decided by Host Institute), shall be earmarked for usage referred to **point 2 (a) and (b)** above. The O&M Operator shall be under obligation to permit use of manufacturing & allied facilities by the Host institute for these purposes.
- d) Exposure Visits and Demonstration could be organized by the Host Institute on any of the days of the week.

(3) Revenue Streams for the O&M Operators/Host Institute:

These Incubation Centers are to run as commercial processing lines. The O&M operator will be allowed to run the facilities on revenue sharing basis. **The revenue stream will be from the following sources:**

(A) Revenue Streams for the O&M Operators:

- i. Sales of processed or manufactured food products.
- ii. User fee from usage of common facilities- to be fixed by Host Institute. The revenue shall be levied and retained by the O&M Operator.
- iii. User Charges for Common Facilities such as food testing laboratory, sorting grading lines etc. / conversion charges shall be market determined - to be fixed by Host Institute. The revenue shall be levied and retained by the O&M Operator.

(B) Revenue Streams for the Host Institute:

- i. Share of **3- A (i), (ii) & (iii)** (Revenue of O&M Operators) to be shared with the Host Institute as per the outcome of the Expression of Interest (EOI).
- ii. Facilities to be used by the Incubate: to be fixed by Host Institute to maximize utilization of the period earmarked for incubation and shared with the Host Institute as per the outcome of the Expression of Interest (EOI).
- iii. Facilities to be used for Training / Demonstration: As per the rates fixed for capacity development for training of stake holders under PMFME scheme. The Host Institute shall be free to fix the user fees for other trainees. The revenue for B (ii) & (iii) shall be levied and retained by Host Institute.

(4) Roles & Responsibility of Stake Holders

(A) Host Institute:

- i. Providing complete list of processing lines along with the layout of facility as Annexure- I.
- ii. Continuous monitoring of the operation in the Incubation Center carried out by the O&M operator.

- iii. The Host Institute will arrange the supply of electricity and water, for which the O&M operator will bear the actual cost. However, if there is any failure to supply the electricity and water for which is beyond the control of institute, the O&M agency shall not claim any damages from the institute for such failure.
- iv. The Host Institute would pay a fixed amount to the O&M operator to bear the operations cost (electricity, water, labour etc.) for the days earmarked for use by Incubates and Training (@ Rs. 5000/- per year or finalized by mutual agreement).
- v. Host Institute would provide work station to the incubates for managing their operation. The work station would be in well ventilated and adequately lit area with separate work tables for sitting of 2 persons with an electricity point.
- vi. Host Institute shall provide all vendor available manuals, spare part list, project data books and drawings which are available and/or provided to Host Institute by the OEM/equipment supplier or contractor related to construction, installation, repair or maintenance of the Incubation Center or a part thereof.
- vii. Conducting of training of entrepreneurs, workers, FPOs, SHGs, Co-operatives Other groups, Food technology students and Food engineering students, farmers, officers of state governments etc. under capacity building program of PMFME scheme and any other scheme during the earmarked days of training.
- viii. The Host Institute to arrange the raw material and ingredients for making the products to be used while providing hands-on training or procure/obtained from O&M operator on payment bases.
- ix. Ensuring the utilization of facilities of Incubation Center by maximum number of micro enterprises as per the earmarking of the usage mentioned in **Point 2 of (ii)**.
- x. Attracting the incubates through promotional activities.
- xi. To ensure the making of only good quality products safe for human consumption by Incubates.
- xii. Record keeping of utilization and revenue generation from the Incubation Center and submitting the monitoring report to State Nodal Agency time to time.

(B) O &M Operators:

- i. To operate and maintain the Incubation center on commercially viable basis as per the scope of work detailed in **Point (xi) of 1**.
- ii. Making available Incubation Center to Host Institute for incubation, training and demonstration/ exposure visits for the duration as indicated.
- iii. Ensuring utilization of facilitates to its maximum capacity.
- iv. Ensuring compliance with the norms for pollution, food safety and quality, labor laws etc. (whatever and whenever is required).
- v. Maintaining records of utilization, revenue, inventory of man and material for Incubation Centre as per the earmarked usage mentioned earlier and submitting

reports to Host Institutes at periodic interval (daily/weekly/fortnightly/monthly/quarterly/half yearly and annually basis.

- vi. Maintaining the equipment in bests of its condition, ensuring regular repair and maintenance of facility.
- vii. Ensuring availability of consumables required to run the processing lines all the time including the earmarked days for training and incubate.
- viii. Timely payment of lease rent to the Host Institute as per the terms and conditions agreed upon.
- ix. Engagement of Man power as detailed in **Point "e" of 1 (xi)**.
- x. The plant manager appointed by O&M Operator would ensure good maintenance of the processing lines & other infrastructure, smooth handover between different users, timely and efficient cleaning of equipment and premise, timely maintenance of the processing lines, efficient utilization of utilities such as electricity and water etc. in the processing, maintenance of records as per the lease agreement.
- xi. The O&M operator is responsible for scheduled preventive maintenance of processing lines and other facilities on a periodic basis.

NOTE:

1. Above proposed work rate is on the terms and conditions as mentioned above and as per other terms and conditions to be laid out during signing of agreement.
2. In any disputes the decision made by the authority of VV will be final.
3. Court jurisdiction: Raipur Chhattisgarh.

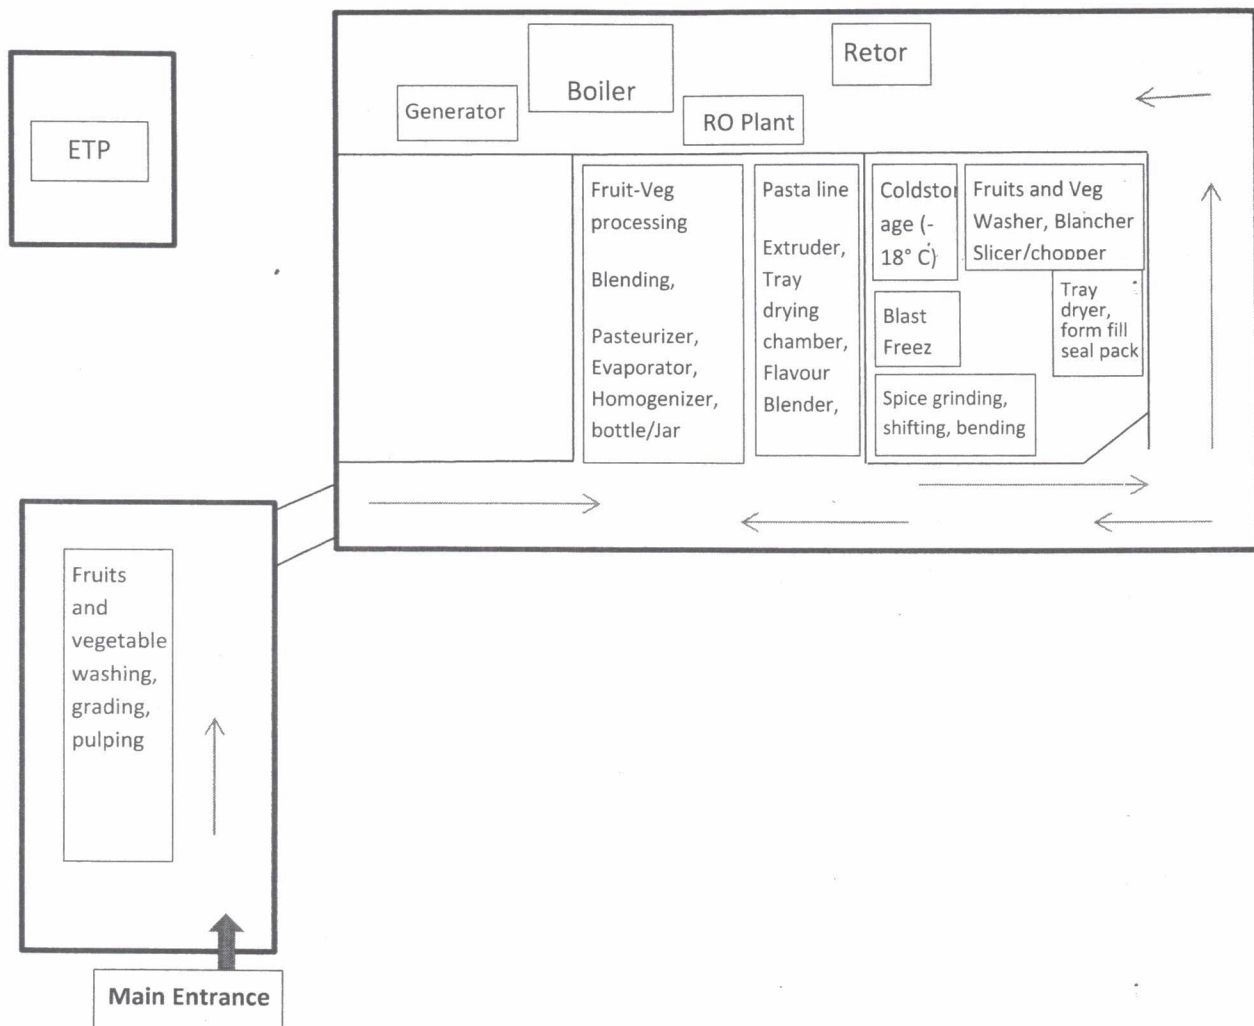

Director Research Service

A. Details and Layout of Processing Lines

S.No.	Description of Processing Line/Item	Capacity
1	Name of the processing line- 1 Jam, Jelly, Nectar and Beverages from fruits and vegetables Capacity: 200-250 kg/hour (Input material).) The line consists of following machines	200 - 250 kg/h
2	Name of the processing line- 2 Frozen foods production line - Capacity :100-150 kg/hour (Input material) The line consists of following machines	100 kg/h
3	Name of the processing line- 3 Millet based pasta making line - Capacity – 100 kg/hour (Input material) The line consists of following machines	100 kg/h
4	Name of the processing line-4 Spice processing line (Turmeric/Ginger/Chilly/Coriander etc.) Capacity : 100 kg/hour (Input material) The line consists of following machines	100 kg/h
	Other Items	
5	Solar tunnel dryer Loading capacity 150 – 200 kg/batch	150-200 kg/batch
6	Vacuum packaging machine Single Chamber, Semi-automatic with motor and drive, “U” Type velocity Ratio 20:1 and 4line step multi-function timer interface	
7	Retort – bottle/cane sterilisation Material Loading Capacity: 100 kg	100 kg/batch
8	Pea podder Capacity:– 150-200 kg/hr	150-200 kg/hr
9	Boiler (biofuel/coal fired) to supply the steam	
10	Diesel Generator Set	3 phase / 50 KVA
11	RO Plant	1000 LPH
12	Effluent Treatment Plants(ETP)	20 KLD
